EXPERIENCE

Senior Data Engineer, Big Data Team, ZS, Pune
JUN 2021 - PRESENT

- Managed task and project planning and mentored teams while building **enterprise big data ingestion and processing solutions** using **AWS (EMR/Glue with Airflow), Azure (Databricks with ADF) and Snowflake** for clients
- Led multiple **proposal** calls and i**nfrastructure/architecture** finalization calls to bring in new projects using the data assets created
- **AWS** Account admin at ZS
- Worked on making assets with **Data Mesh architecture** on AWS using **Lake-Formation** and Snowflake using Data Exchange
- Performing POCs on **Starburst, Collibra and Immuta** to create a unified framework to query, catalog and govern data on different cloud platforms

Data Engineer, Big Data Team, ZS, Pune
JUN 2019 - JUN 2021

- Helped the team build multiple end to end **enterprise big data ingestion and processing solutions** using **AWS** for clients
- **Mentored** team members about Big Data technology, AWS and domain data
- **Presented ZS'** audit and configuration **framework** on AWS in data architecture meeting to multiple tech consulting firms
- Participated in R&D work to bring in new opportunities like executing **Spark on EKS (Kubernetes)** and performing impact analysis
- Migrated traditional on-prem ELT pipelines to AWS cloud using technologies like **EMR** for compute, **RDS** for audit, **Airflow**, Control - M for orchestration and **S3/ADLS** for storage, Dataiku for ML-Ops

Blockchain Intern, Robert Bosch, Bangalore
JAN 2019 - MAY 2019

- Performed POCs and researched about **GDPR** on Blockchain networks like Hyperledger **Fabric, Sawtooth, Quorum** in languages like **Python, Golang and Solidity** on **Azure** infra

Blockchain intern, Cygnet Infotech, Ahmedabad
MAY 2018 - JUN 2018

- Developed a POC to utilize BigChainDB in **supply chain management** with R&D team to track ownership at every level of the process using **Node js, Docker** and **Smart Contracts**

EDUCATION

B.Tech. in IT with 8.4 CGPA - Institute of Technology, Nirma University
JUN 2015 - JUN 2019

TECHNICAL SKILLS

AWS, Azure   Docker, Kubernetes

Data Analysis   Spark, Hadoop, Snowflake

Git, CI-CD   SQL, PySpark, Python, Java

Blockchain   Airflow, Control-M, Talend

PERSONAL SKILLS

Communication   Time Management

Team Work   Active Listening

Leadership

Problem Solving

ACCOMPLISHMENTS

- **Snowflake SnowPro Core** certified - 2021
- **AWS Certified Sys-Ops Admin** with 91% - 2021
- **Facilitated a learning session of Big Data** in ZS with audience of all levels - 2020
- **AWS Certified Solutions Architect** with 88% - 2020
- **AWS Certified Developer** with 92% - 2020
- **ZS** Campus Ambassador for Nirma University -2020
- **Organizer** in **Bosch** Blockchain Hackathon in Bangalore -2019
- **GeeksForGeeks** Campus Ambassador for Nirma Universiry- 2018
